Thursday 14th July 2022 at 4pm

Year 6 Festival
Summer Spelling Bee
Monday 18th July 2022

End of Summer Term
Wednesday 20th July 2022 -1:30

It is difficult to know where to start when I look back over the past two weeks as so much has happened. I hope that the lovely pictures on this Mag and the social media content gives you lots of clues. Please talk to the children about their learning so that you can find out just how busy they have been.

Last week was sports week. We ran and jumped and skipped together and found out that Jonny from 5S was the best skipper in the school with an amazing 333 skips in 2 minutes. Lots of children worked hard to improve and we all ate healthy blueberries as a snack.

Each class marked the Queen's Platinum Jubilee in a different way. We created some lovely artwork and marked this day in history.

This week has been World of Work Week. The children have been learning all about the world of work. They have had workplace trips, volunteer visits and are developing many of their skills as they learn about different jobs and workplaces.

On Tuesday, Sarah Alice ran a fantastic workshop with parents to share good ideas for supporting children with reading. Ben made delicious cakes and everyone enjoyed learning how to use the resources to support their child.

Please remember to put sun cream on your child and to send them in wearing a hat if possible. We are talking to all classes about sun safety.

We have set the dates for end of year assemblies to celebrate all of the lovely work done this year. Please try to come along if you can.

Have a good weekend. Please stay safe and do plenty of reading.

Amazing learning at MORNINGSIDE

Nursery: had a great time at sports day this! Thank you Year 6 for your help! Nursery learnt a lot from your skills and knowledge.

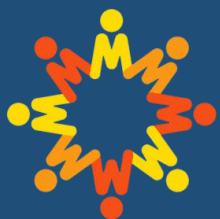

Reception: As part of our world of work project, reception have been learning about the work botanists and zoologists do. We have been learning about different plants and animals; observing plants under a microscope; categorising and sorting different plants and animals; drawing and painting natural things and role playing different jobs.

Year 1 have had such a great time during our world of work week. We learnt about civil engineering and had a great time planning, designing and making our own marble runs.

Year 2 visited the amazing Postal Museum. We learned about the history of post transportation. We travelled back to 1927 when the Mail Rail transported mail under the streets of London!

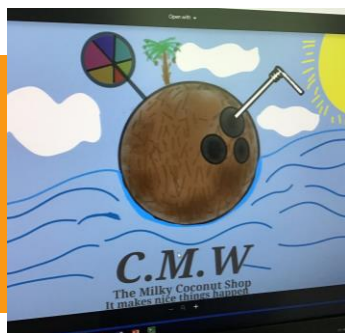

Amazing learning at MORNINGSIDE

Year 3 we practiced using money to purchase items at high street shops, as part of our #WorldofWorkWeek topic, Money Matters. We also got to role play what it would be like to work in the retail sector.

Year 4: Our pupils in Year 4 have really been enjoying their World of Work week, centred around the theme of showcase. First, they looked at the job of a sound engineer and investigated how sound is made by creating their own instruments. They then explored the role of a lighting technician. They learnt that they need to know about light and how it behaves so they can control it in lots of different ways.

Year 5 are making the finishing touches to their coconut-based ethical business campaigns, including: creating adverts, composing a company jingle and writing their pitches.

Year 6: We kicked off the week with an emotional and impactful visit to the Ben Kinsella foundation in Islington. During our trip, we learned about what happened to Ben, first aid and about knife crime in London. Most importantly, we learned that knife crime is preventable, and what other choices we can make if we ever feel pressured.
